

Watertown Housing Authority

Bid Sheet

Replacement of thermostats and emergency switches at Truman Terrace, 100 Steele Brook Road, Watertown, CT 06795.

I. Thermostats

Replace 78 white electric heat thermostats with thermometer's built in (220 volts each). We request a Honey Well Thermostat (Part #HWT4398B-1029 or comparable product in price and function) Check all high voltage wires, check all circuit breakers, and replace thermostats.

The following fees are to include the cost of labor, disposal, as well as sales tax, transportation, permits and insurance.

Labor: _____

Material: _____

II. Emergency / Call to Aide Switches

Replace 66 Call-to-Aide low voltage emergency switches with pull chord. This is just a switch and light replacement. Rewiring should not be required. But please check all wiring, high/low voltage checks, remove old switches and dispose of them when installing new pull switches. Some switches have been replaced with the following product kit (Bridgeport Fittings #BRI-CA-101-24-DMLT with buzz and switch so we request this product kit or a comparable product in price and function).

The following fees are to include the cost of labor, disposal, as well as sales tax, transportation, permits and insurance.

Labor: _____

Material: _____
